Editorial

Well, actually this magazine isn't about ass "worship" per se. We don't advocate the spiritual organization and community structure that most religions require. You don't have to donate ten percent of your salary. Communion is not required. One doesn't have to chant unless one wishes to do so. And confession, though quite exhilarating is not necessary.

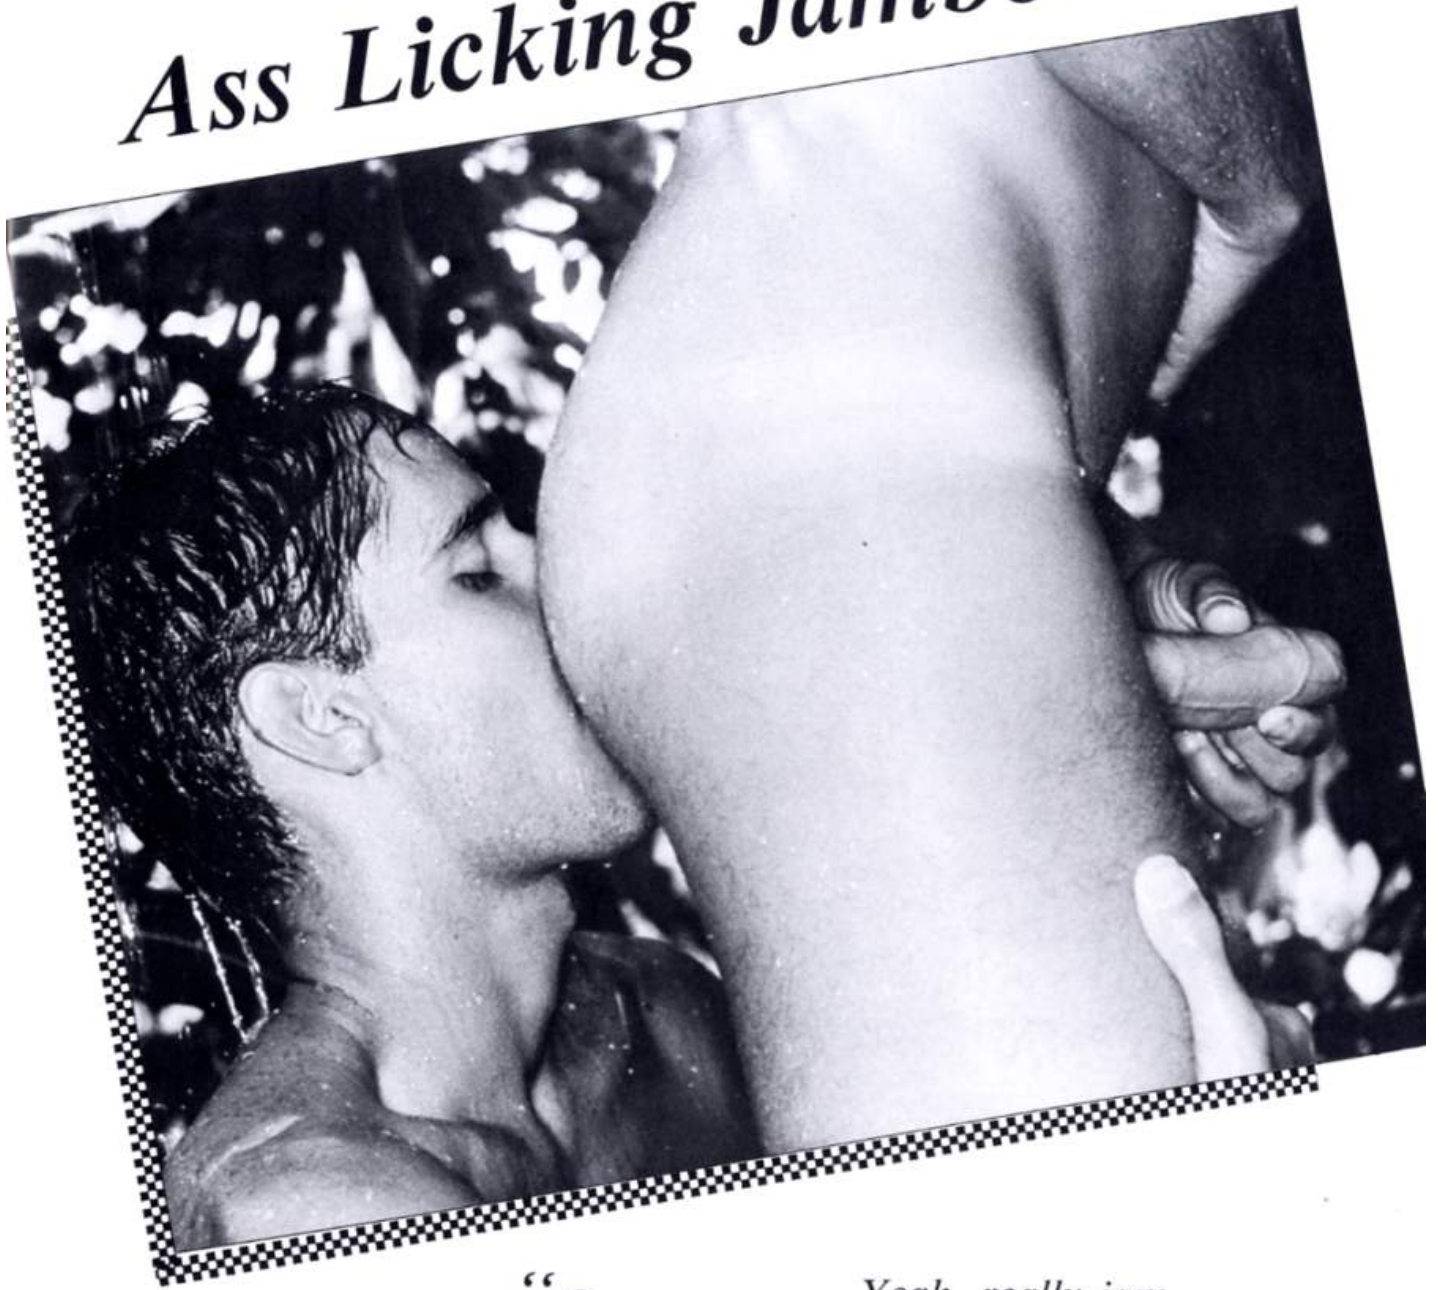

What we do ask of you is that you focus your attention on the many bubble butts, ass chunks and rosy anuses that decorate the walls of this book. Focus your attention on the devotion of ass rimmer and rimmees. Take note of the glistening droplets of sweat and spit that accumulate on the few downy hairs that surround the anal opening. Take note of the way ass buns hug the face of the ass worshiper and take note of the ecstatic looks on the faces of the folks who have an inch or two of tongue lodged firmly in their assholes.

This magazine in no way endorses the practice of such actions. We are simply providing an outlet for those of you who are currently using the good taste to not indulge for the time being in possible disease transmitting sex acts.

Ass Licking Jamboree

*“**G**et behind
me buddy and
chow down on
my hot hole.*

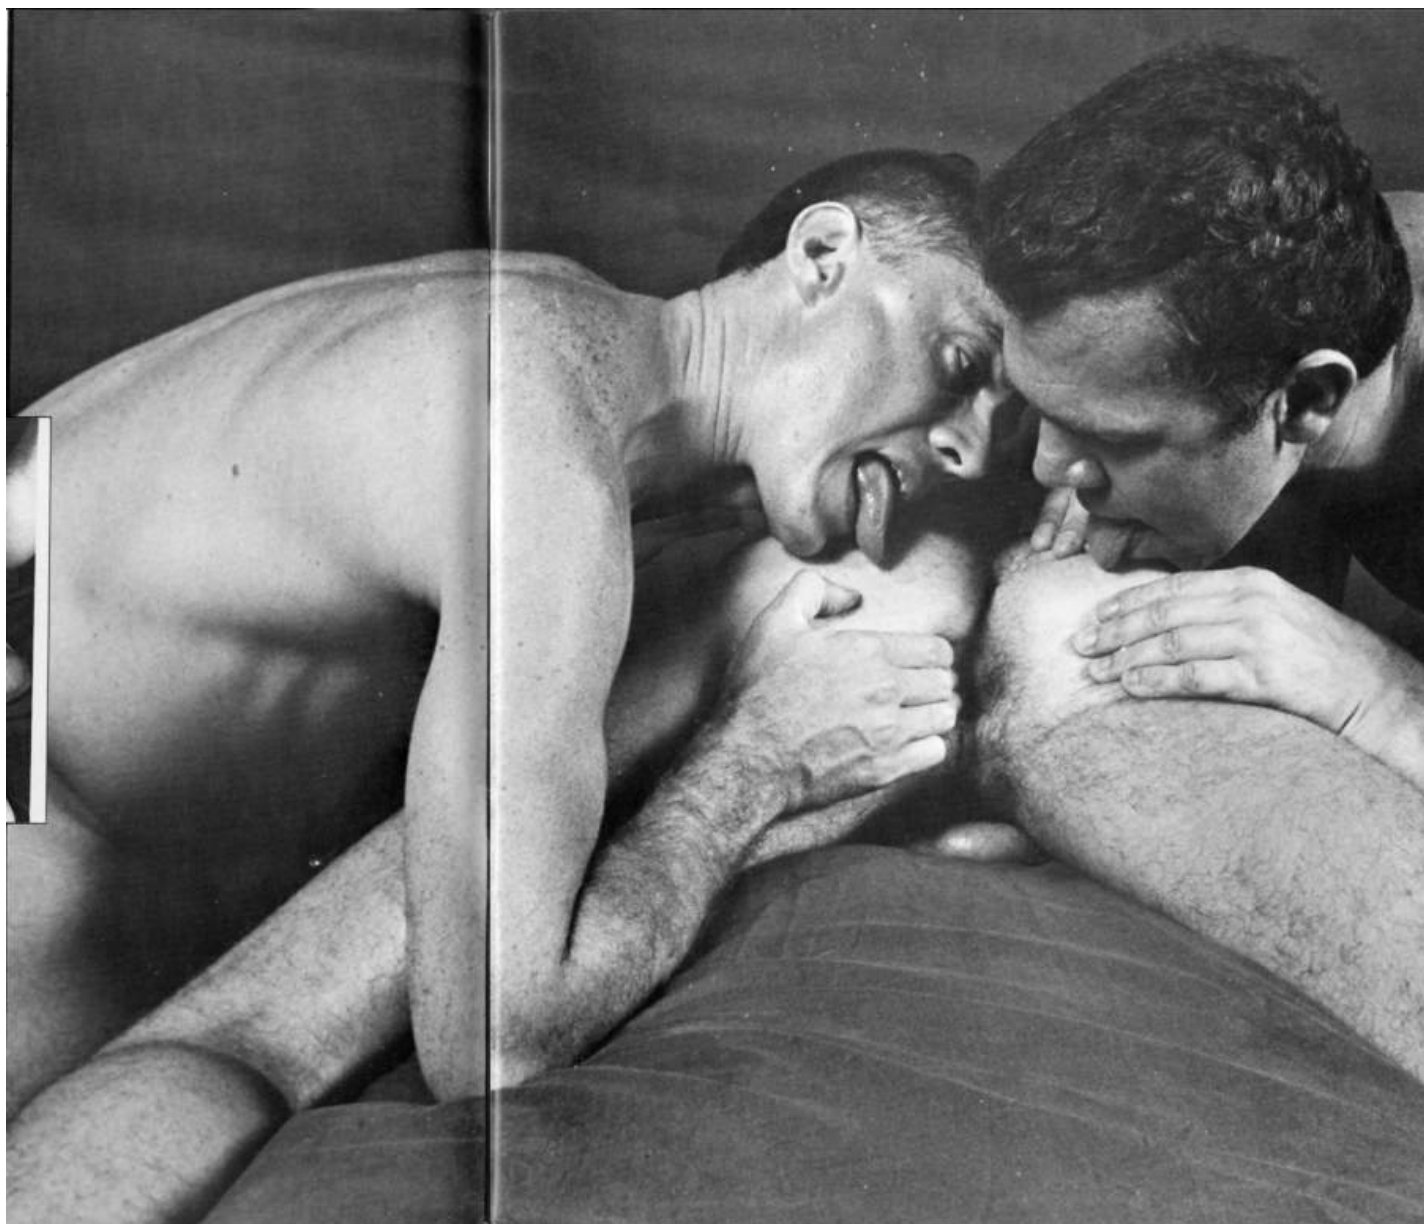

*Yeah, really jam
yer sissy tongue
up my butt.
Shit, that feels
so good.”*

“Yeah, Daddy.
Get it in there
good.

“Yeah honey,
I’m gonna get
up on my hands
and knees
like a
dog bitch
and
you can sniff
my butt.”

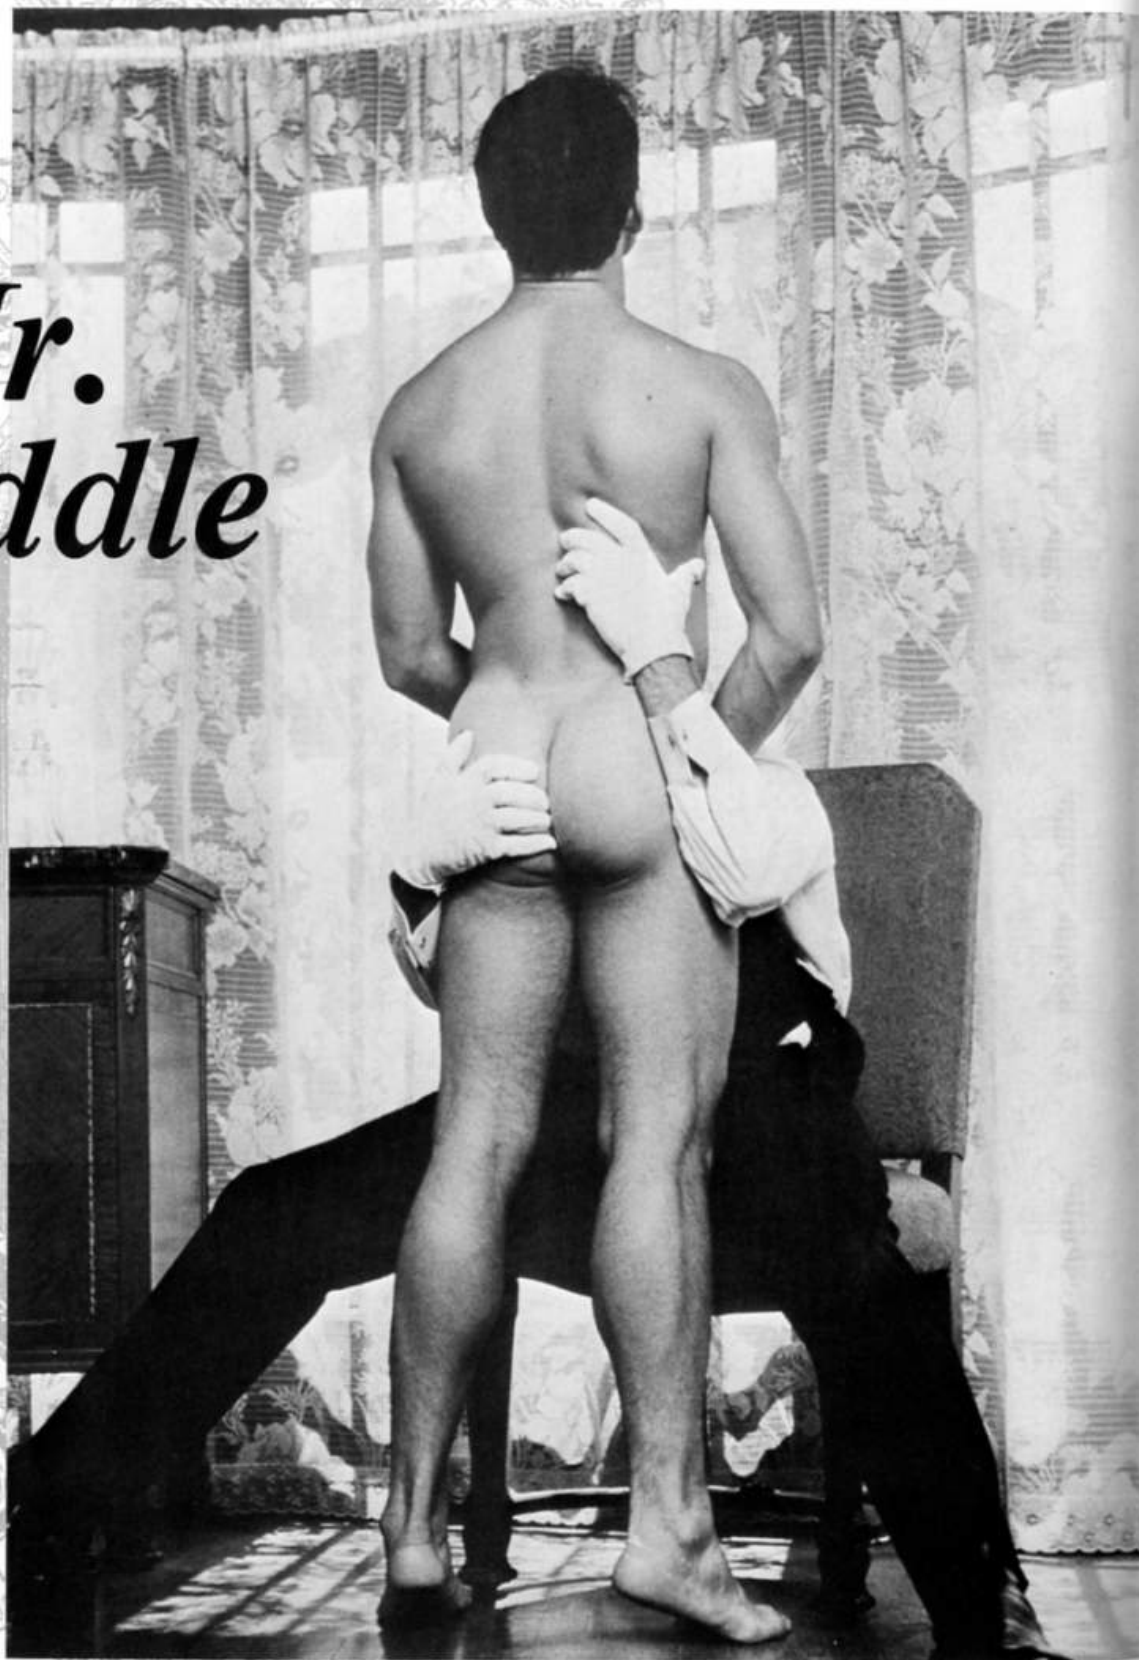

“Yeah baby,
lay down so I
kin sit on yer
face and rub my
ass on yuh.”

“Yeah dude,
gonna sit and
twirl my ass on
yer face till I
shoot a big load
all over yuh.”

Mr. Diddle

Mr. Diddle was our family manservant for years. And since I've been home from my first year at college he has always made sure that I am thoroughly entertained at all times. Mr. Diddle helped me to discover that I've got the most exquisite little aperture down there between the cheeks of my ass. Mr. Diddle likes me to sit on his lap while he fingers my hole. This makes me squirm uncontrollably and Mr. Diddle giggles.

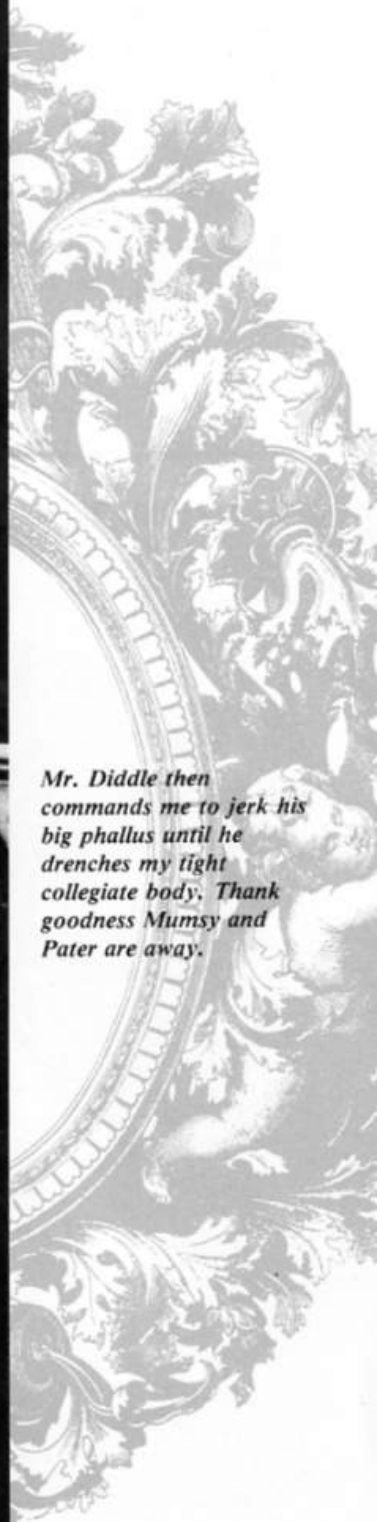

When I become far too agitated to remain on Mr. Diddle's lap then he chases me while I am completely nude, around the parlor and foyer.

When he finally catches me he gives my ass such an intense fucking that I usually cannot stand up unassisted for several hours.

Mr. Diddle then commands me to jerk his big phallus until he drenches my tight collegiate body. Thank goodness Mumsy and Pater are away.

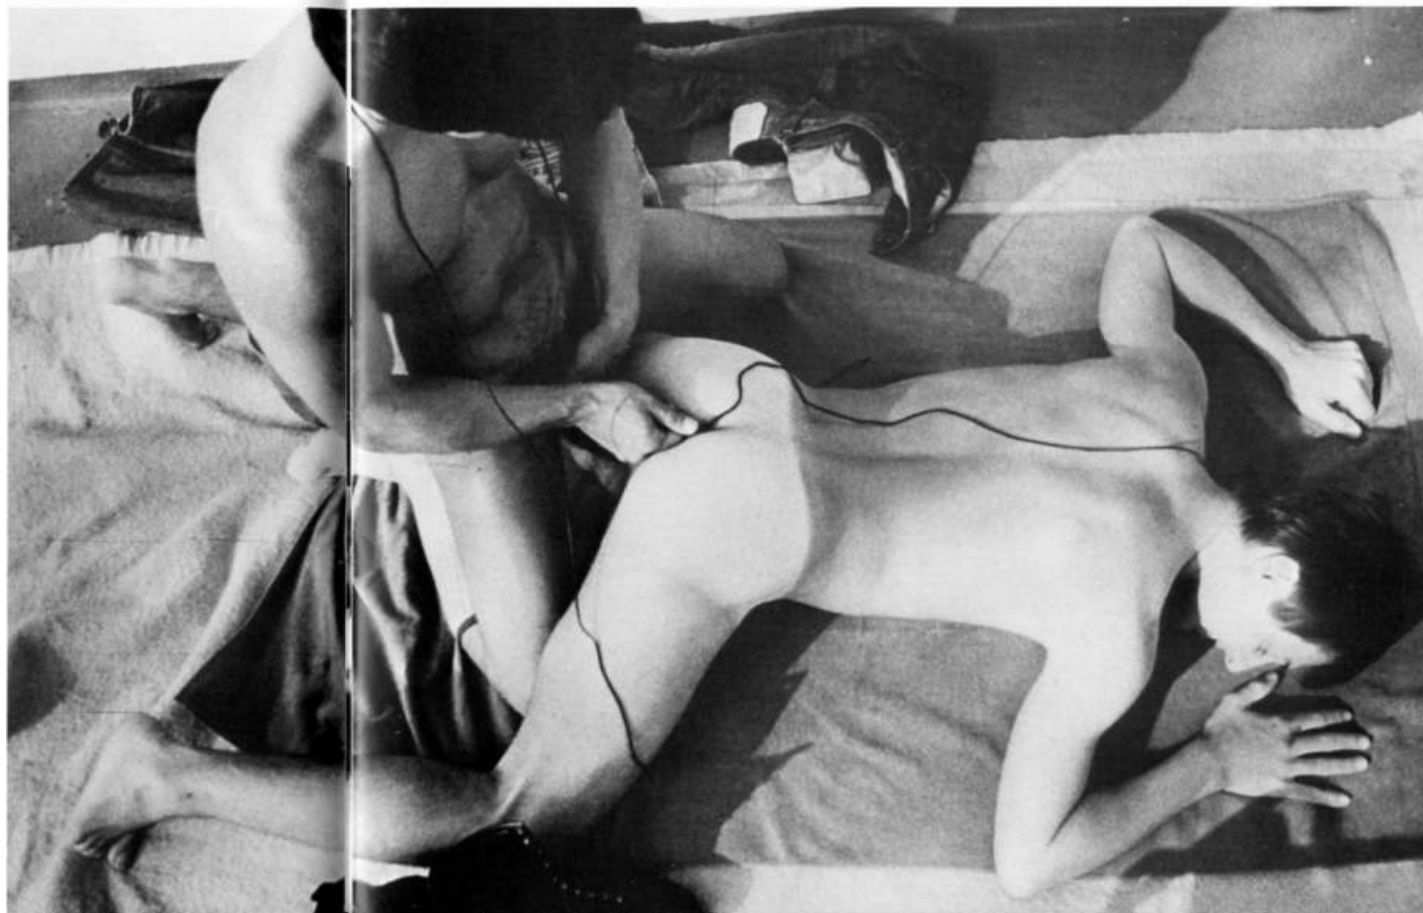

Ay, Jorge! Man we used to fuck and suck an' all when we could not get laid, but baby when he kissed my culo I went loco. Now whenever we can get together we both suck ass all afternoon. I like the way he kisses my ass like it's his girl friend's boca.

Fixing a Hole

One of the advantages of always wearing a tool belt is that any queer guy instantly gets a hardon and tries to suck yer dick. I like that allright and my old lady won't give me head so I take all I can get. But what really gets my nut is to spend about an hour munchin' on some fag's pussy.

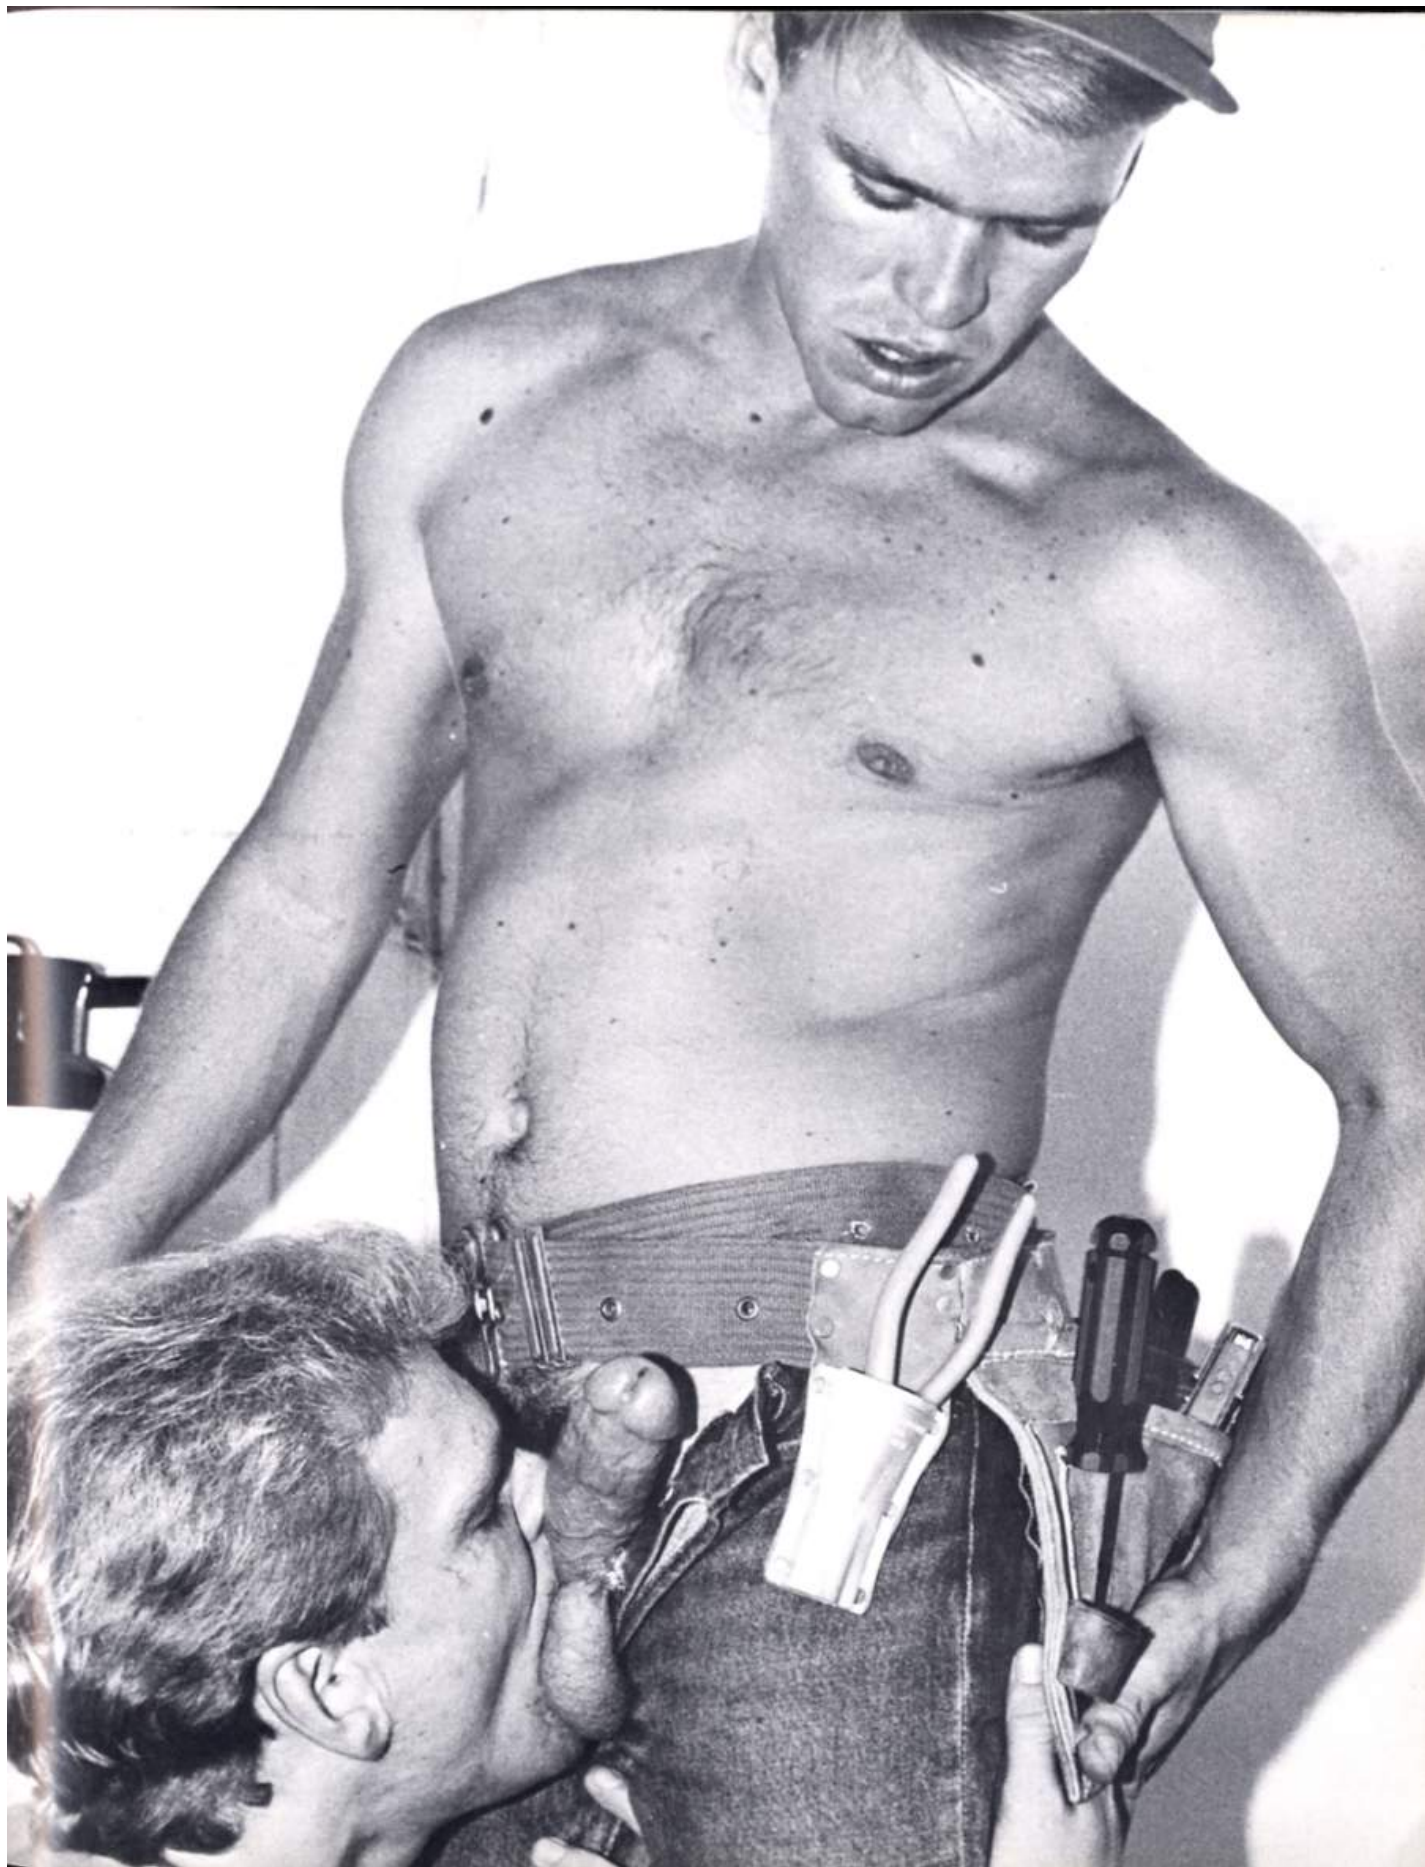

Yeah, once we trade dick sucks for awhile I like to really settle in and chow down on a gay's hole. I like that they get all turned on seeing a big guy like me down there eating them out. I like to fuck ass and all. I even like to get my ass plowed once and a while, the old lady really can't get into that. But what makes me happy is to stick my face in some guy's butt and go to town.

Both guys like it and hey, why sit alone in your room with a butt-plug up your ass when someone two doors down in the dorm wants to do it with you?

Asshole Buddies

After finals Biff and Chip find that the only way to really chill out is to spend a whole weekend ramming dildoes up each other's asses.

Fingering and licking play a big part in their post-test relaxation rituals. But sinking nine or ten inches of pink rubber up a guy's rosebud really cuts your stress level down.

Chip says that after feeling that the teachers have assfucked you into G.P.A. submission that it feels real good to let a buddy plug you up.

HairBalls

I put an ad in the local meat magazine here asking for a guy with a hirsute condition. Now I could have just as easily asked for a dude with hairy balls but I thought that this way at least he might have a good vocabulary.

Well, he did. Turns out he's a teacher here at the high school. Teaches both dummy English and coaches the swim team. He's sure nice and his name is Rob.

The first time we got together it was pretty awkward and all. Nothing happened for a while.

HairBalls

Then he asked me if I was really into hairy guys. I told him that what I really liked was guys with super hairy assholes.

He just smiled and stood up. He unbuckled his pants and turned around as he dropped them to the floor.

I was blown away to see one of the hairiest cracks I'd ever seen. I mean this guy was carpeted.

HairBalls

Just the fact that he was so lewd about it, pulling his pants down like that completely out of the blue, was so exciting.

I crawled on my hands and knees across the hardwood floor with my tongue out in front of me.

Then I just plugged it into his beautiful furry butt and mopped my face around his ass for about three years.

ASS WORSHIP

Stroke is the Rolls Royce of masturbation manuals ...

Our aim at STROKE Magazine is to get you hard and get you off. Civil rights, fashion, medical reports, rodeos, and culture are much better handled by other folks. We handle sex. Guys having sex. Sex with each other. Sex with themselves. Sexual thoughts and fantasies.

STROKE is a tool. A tool to get your tool to shoot a hot load. A tool to share with another guy to get you both hot enough to try anything (safe, of course). STROKE is a tool to get your imagination going so you can contribute your own writing, drawings and photographs to our pages.

STROKE's format includes cum dripping out of mouths, well-worn leather goods, interracial sex, spanked asses, cocks stuffed into all the places you can stuff a cock, personal photos of the readers, first-time experiences from the readers, long sex-filled fiction work, soiled underwear, straight guys having sex with other guys for the first time, fully explicit comix, jailhouse recreation, stories, punks, freaks, innocents, thugs, brats and really perfect looking guys.

STROKE is 100 pages, with a lot of all-color photos, that happens once every two months. Screw magazine called us "the best jerk-off manual on the stands."
